

Research is recognized as one of the strongest computer science research teams outside the academic world in Slovenia. In continuous search for the next product, XLAB utilizes R&D and industrial experience in order to foster creativity and innovation. Within our stable and supportive environment a strong research and entrepreneurial team delivers tangible and innovative results: Koofr (koofr.net - hybrid storage solution), Olaii (<http://olaii.com> - event discovery app), Smarthousekeeping (<http://smarthousekeeping.com/> - easy workflow organization application), PHOV (<http://www.phov.eu/> - a 3D reconstruction of models from photos), and 8memo (<http://8memo.com/> - an intelligent photo organization app).
