

a world of energy

Founded in 1967, Rexel is a worldwide leading distributor of electrical supplies. Through its distribution networks for professional customers in the industrial, residential, and commercial sectors, Rexel provides innovative electrical solutions and equipment to improve comfort, performance, and energy efficiency. The Group is the preferred partner of all professionals in the electrical chain from electricians to key industrial accounts and equipment manufacturers. For all its customers, Rexel offers a unique range of electrical supplies in terms of its breadth and availability. Throughout the world, it is accelerating electrical advances in close collaboration with its customers and partners. Rexel is a market driver ready to seize new development opportunities by improving distribution channels, establishing positions in new businesses, defining new standards of excellence for its employees and identifying new geographic and business segments.
